

# Custom Pools

Freedmont, Calif.

**F**ive sheeting waterfalls drop from a raised grassy patio into this elegant, 31-foot-long pool.

The pool's granite-like surface adds another touch of class, which was important to the owners because they like to partake in outdoor fine dining. Plus, it complements the elegantly simple dark gray deck.

Besides its color, the deck also lends elegance with

its cantilevered style and the neat way it forms a small, even frame between the pool and the manicured lawn.

The look and sound of the pool area, combined with the view of the San Francisco Bay area in the distance, gives the setting its desired ambiance.

At night, fiber-optic landscape and pool lighting further enhance the effect. ▼
