Sand Creek Pools

Brentwood, Calif.

Weeping trees and lush foliage appear to flow like waterfalls over the wall next to this 12-by-24-foot pool.

In the water, one finds a pair of built-in benches in opposite corners of the free-form pool.

Other features include a trio of steps in the shal-

low end, cobalt blue perimeter tile, and fiber-optic lighting.

Fiber optics also illuminate the landscaping.

Meanwhile, the concrete deck is colored terra cotta — an earthy hue

chosen to accentuate both the pool and the surrounding garden. ▼
