Viking Pools of Redding

Redding, Calif.

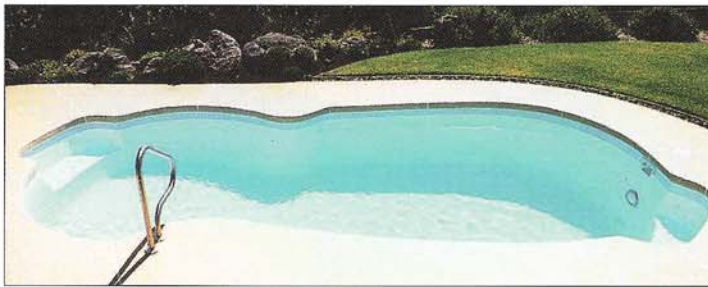

Safe, convenient access was very important to the elderly buyers of this pool.

Thus, a texture was applied to the floor, steps and swimouts for

better traction. The handrail positioned by the shallow-end entry steps also helps.

Their number-two priority was minimal maintenance. The features that sold them in this area are the pool's surface, an automatic pool cleaner and an

automatic chlorinator.

Aesthetically, the owners wanted a pool shape that would complement the curves of their immaculately landscaped yard. This particular

free-form model fit the bill.

Lastly, the texture and color of the coated, cantilevered pool deck meet all these needs, as well. It's safe to walk on, easy to maintain, and complements the landscape, as well as the pool. ▼

LOCATION: Redding, Calif. ▼ **ESTIMATED COST:** \$15,500 (pool only) ▼ **COMPLETION DATE:** March 1999 ▼ **OTHER RESOURCES:** DECKING: *Frontier Desert Deck* • DRAIN: *Hydro Air/ITT Industries* • FILTER, LIGHTING (POOL), PUMP, SKIMMER: *American Products* • POOL: *Viking Pools* • RAIL GOODS: *S.R.
